WORKSHOP OFFERINGS

SACRED MOVEMENT: EMBODIED ARCHETYPES

Zodiac Dance, Astro-Yoga, and Astrolo-Chi Kung

Astrology is not just up in the stars - it's right here in our bodies!! This workshop will instruct people on how to celebrate all 12 astrological archetypes through their bodies. We begin with a warmup that opens each part of the body thru its astrological correspondence. We will then focus on breath practices (pranayama) for each of the four elements. Then subsequently move into Zodiac-Yoga and Celestial Chi Kung to teach various postures, movements, body parts, and health practices that are associated with each sign of the zodiac.

Then participants will be guided on an evolutionary ecstatic dance journey through the zodiac, playing and expressing the archetypes thru authentic movement. Everyone will leave with a fun, experiential, and deeply embodied understanding of the 12 Signs of the Zodiac.

We will also discuss the astrological house which corresponds to the study of health and how this knowledge can be applied in your daily practice for greater self-awareness, empowerment, and overall holistic wellness.

AstroShamanism and the Chakra Power Animal Dance

In Astrology, the planets represent evolutionary urges and primal intelligences vibrating from the core of our soul. In this workshop, we will explore the meaning of each planet and its corresponding chakra associations through ecstatic movement, mantra, and lecture. We will learn the seed syllables for each chakra and the mantras for each planet.

Using tribal, electronic, and evocative dance music, we will also invoke and locate our personal power animals for each planet and chakra and shapeshift into their energies through dance. In this process, we will discover an individual totem pole spiraling through our energy body, which can help to sustain, nourish, and empower us through these cathartic times.

FAMILY and COUPLES' RELATIONSHIPS

Evolving Intimacy with Tantric Astrology and Sacred Circling

In this workshop, we will explore new partnership paradigms such as open relating and handfasting and how relationship models and sexual orientations are evolving in the emerging Aquarian Age. You will learn how to honor your version of the god and goddess as we discuss the relational and sexual masks of the divine masculine Mars and the sacred feminine Venus.

Our workshop will culminate with our Sacred Circle practice. Sacred Circles are reverential and playful ritual circles we create to honor and adore each other. Utilizing eyegazing, contemplative questions, and the archetypes of the zodiac, we rotate partners in a sacred sharing to help participants discover the full spectrum of their souls—from holding patterns, to challenging edges, to places of power, and zones of bliss.

Come solo, with friends, or with your beloved for this magical cauldron of divine remembrance!

PLANETARY RITES of PASSAGE:

Astrological Initiation Cycles from Youth to Mid-Life

The planets are intelligences and psychological forces within us which return in regular cycles of initiation. These archetypal rites of passage create situations and circumstances in our lives, acting as gateways all souls will have to pass through during this lifetime. The planetary forces represent evolutionary thresholds in our journey of ascension. Knowing the rites of passage helps us to compassionately support our own, our children's, our lover's, and our family member's initiatory experiences.

In this workshop, we unlock the mysteries of many rites of passage such as the 7 year Saturn cycle, including the Saturn Return at 28-30 and 58-60, the Lunar Return at 27 and 54, the 12 year Jupiter Return, the Chiron return at 50, and the midlife cycles of Uranus, Neptune, and Pluto. We will also invoke the planetary characters through dance and theatrical movement to embody the medicine of these archetypal teachers.

SHAMANIC PRACTICE

Ecstatic Breath Empowerment: A Shamanic Journey

The Breath is our vehicle for life and a vessel to release old patterns, resistances, and wounds. In this workshop, we will dive deep into the breath to heal, transform, and enlighten us through a cathartic and powerful connected breathing practice and a guided musical journey through the chakras.

In addition, we will discuss the importance of Rebirthing as we explore birth trauma and the patterns it forms in our relationships and lives.

We will begin the workshop with sacred breath practices from China and India, as we practice Zodiac QiGong and Pranayama. We will also practice partner breathing, and integrate tantric wisdom, affirmations, and invocations into our journey together.
